

# DRS Data Recovery Service

## The Ultimate Safety Net for the Ultimate Hard Drive.

The ioSafe Data Recovery Service (DRS Basic) provides a no questions asked data recovery service. For any loss, no matter the reason. Whether you're a victim of a drive failure or your child throws your drive in the family swimming pool – we've got you covered. With the ioSafe DRS Basic you get to enjoy the peace of mind that comes from knowing your data is protected by the best data recovery service in the industry.

- Data Recovery Service for any reason. No deductible for initial
- Up to \$2500 included for forensic data recovery if required
- Up to \$5000 per TB included for DRS Pro
- Global, mail-in repair coverage with free shipping for DRS events
- Direct access to ioSafe's experts – one point of contact
- Replacement hardware pre-loaded with recovered data
- Extend No-Hassle Warranty too.
- Only 99¢ per Terabyte/Month to extend coverage up to 5 years – compare to cloud backup!

## Any loss. Any reason. Really.

When we say "any reason" we mean it. It doesn't matter what happens. We've got you covered.

Need a few examples? We've got that covered too:

- Fire damage
- Flood damage
- Accidental damage
- Human Error
- Disk failure
- External Enclosure failure
- Accidental deletion
- Viruses
- Power failures
- Soda / Juice / Maple Syrup accident
- Anything you can think of

## Forensic Data Recovery

ioSafe's recovery experts are able to fully recover the vast majority of disaster exposed drives, but if ioSafe is not able to recover your data in-house, ioSafe will team up with the experts at DriveSavers to help recover your data. The ioSafe DRS Basic provides up to \$2500 towards forensic data recovery efforts.

## Unmatched coverage. Standard.

Every ioSafe product loaded with drives comes with a one-year limited warranty and one-year of complimentary data and hardware recovery support. That means right out of the box, you get the most thorough data protection plan in the world - for free.
